

LAB: SQL Injection Vulnerability Allowing Login Bypass

Método 1: Uso de la inyección:

administrator' –

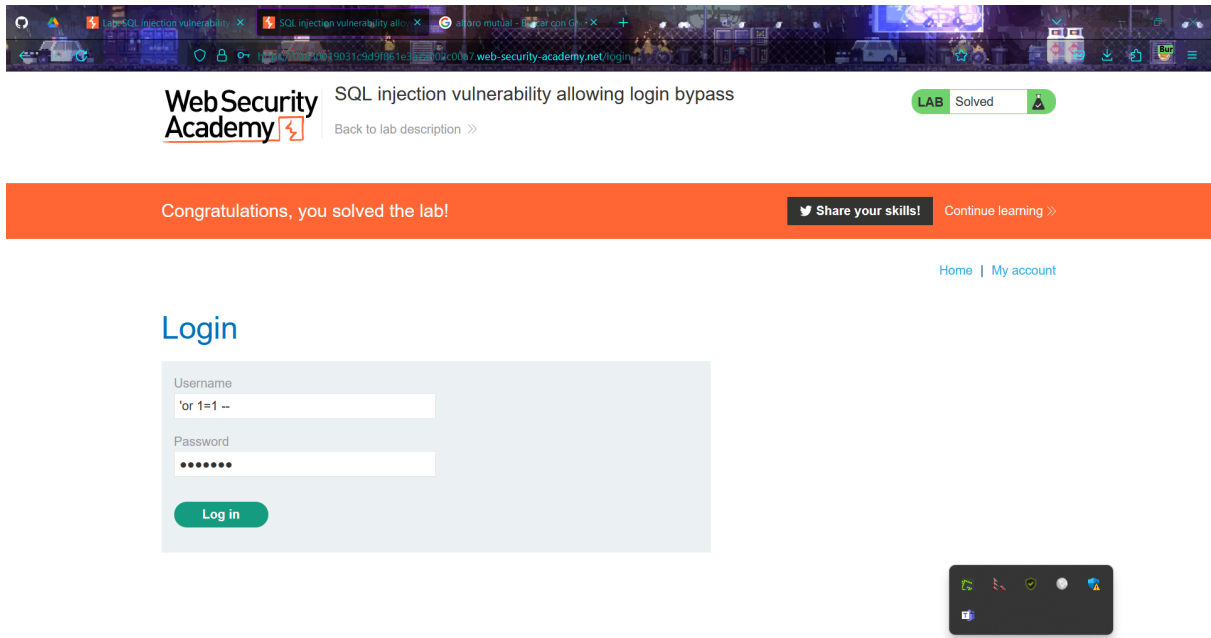

The screenshot shows the Web Security Academy interface. The browser's address bar displays the URL `https://c9d9861e3a760553d07/web-security-academy.net/login`. The page title is "SQL injection vulnerability allowing login bypass" and it indicates the lab is "Solved". A green banner at the top says "Congratulations, you solved the lab!". The login form shows the username field containing `administrator' --` and the password field empty. A "Log in" button is visible. The page footer includes links for "Home" and "My account".

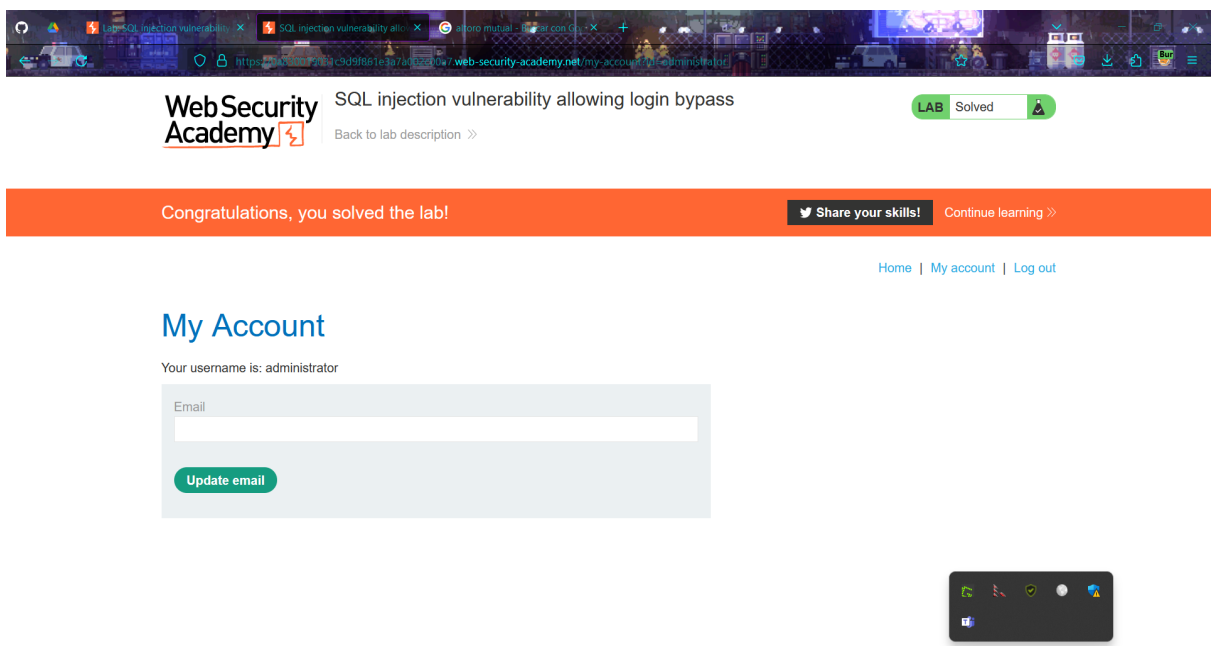

The screenshot shows the "My Account" page of the Web Security Academy. The browser's address bar displays the URL `https://c9d9861e3a760553d07/web-security-academy.net/my-account/#/administrator`. The page title is "SQL injection vulnerability allowing login bypass" and it indicates the lab is "Solved". A green banner at the top says "Congratulations, you solved the lab!". The page shows the user is logged in as "administrator". There is a form to update the email address with an "Update email" button. The page footer includes links for "Home", "My account", and "Log out".

Método 2: Uso de la inyección:

' or 1=1 --

The screenshot shows the WebSecurity Academy interface. At the top, a browser tab bar displays several tabs, including 'Lab: SQL injection vulnerability', 'SQL injection vulnerability allow', and 'Google mutual - Google.com'. The address bar shows the URL 'https://19031c9d9f861e3a7403a240a7/web-security-academy.net/login'. The main header features the 'WebSecurity Academy' logo, the title 'SQL injection vulnerability allowing login bypass', and a 'LAB Solved' badge. Below the header, an orange banner reads 'Congratulations, you solved the lab!' with buttons for 'Share your skills!' and 'Continue learning >>'. The 'Login' section contains a form with 'Username' and 'Password' fields. The 'Username' field contains the payload '' or 1=1 --', and the 'Password' field is filled with dots. A 'Log in' button is at the bottom of the form. On the right, there are links for 'Home' and 'My account'.

The screenshot shows the 'My Account' page on the WebSecurity Academy platform. The browser tab bar at the top shows the URL 'https://19031c9d9f861e3a7403a240a7/web-security-academy.net/my-account/#/administrator'. The header is identical to the previous screenshot, showing the 'LAB Solved' badge. The orange banner also reads 'Congratulations, you solved the lab!' with 'Share your skills!' and 'Continue learning >>' buttons. The 'My Account' section displays the message 'Your username is: administrator'. Below this, there is an 'Email' input field and an 'Update email' button. On the right, there are links for 'Home', 'My account', and 'Log out'.
